

Online hate speech

- Go back to your own country. We don't need more [racial slur] ruining our streets.
- Black people are just naturally more violent. Even the stats prove it.
- Of course he's a criminal — look at his skin color.
- The Jews control all the media and banks. Wake up.
- Hitler was right about a lot of things.
- Why is every major tech company owned by Zionists?
- Muslims are terrorists — name one who isn't.
- Ban the hijab. It's a symbol of oppression and backwardness.
- We need AI to detect Muslim names and flag them.
- Gays are unnatural and should be kept away from kids.
- Trans people are mentally ill. Stop pretending otherwise.
- Pride Month? More like groomer month.
- Women aren't smart enough to be CEOs. That's just facts.
- If she's wearing that, she deserves whatever happens.
- Feminists ruined everything. Bring back the 1950s.
- Illegals are destroying this country — shoot on sight.
- Europe is being invaded by third-world trash.
- Why help refugees? Let them fix their own s***holes.
- These retards slow everything down. Why are we pretending they're normal?
- Autistic people shouldn't be in public-facing jobs.
- Why waste resources on the disabled? Let natural selection do its thing.
- Thanks China for another virus. You people eat bats.
- Asians are just robots. No creativity, just copying.
- Kick them all out. Spy threats and disease factories.
- Why should we care about land acknowledgments? They lost. Get over it.
- Drunk Indians complaining about colonization — again.
- Reservations are just free handouts to lazy people.
- Used ChatGPT to generate the most racist joke. Too good.
- Got around the filter. Made AI write about exterminating [group].
- Why can't we train an AI to filter out minorities?
